change, a process commonly called Romanization. These changes were reflected in the landscape of Roman Britain as it was shaped through the interactions of the natives and Romans. The formation of the landscape of Roman Britain and the identity of its people was an interactive process, with each contributing to the development of the other.

Impact of Culture and Religion in Great Britain Today

decline in Britain since the 1960s (Crabtree). The British have been willingly renouncing a part of their identity and this paper will investigate why this is so. For 1400 years Christianity was a crucial part of the British culture, but nowadays, life in Great Britain has become highly ...

Beyond Romanisation: The creolisation of food: A framework ...

The effects of the Roman conquest of Britain and the ensuing processes of Romanization have been studied for many years. The historical background to the development of the theory of Romanization has been widely discussed elsewhere (see Hingley 1996). Haverfield's (1906) treatment of the topic was a major landmark in this development.
