- American Thinker

The basic thesis is that liberal democratic states tend not to go to war with one another, because of the structural and/or normative features of liberal democratic states. That is, liberalism as such is directly responsible for the miraculous track record of peace that we've seen post-World War II, especially in Europe and North America.

The Rise and Fall of Liberal Democratic Peace Theory ...

The liberal peace theory will be addressed as a theoretical and philosophical concept and the basis of liberal peace-building. The first section briefly explains the fundamental aspects of the liberal peace theory and associates it with liberal peace-building. The second section looks at the critiques that have been made to
