many vehicles. It is responsible for measuring the atmospheric pressure of the environment that the vehicle is driving in. Different environments will have different atmospheric pressures, which will ...

Symptoms of a Bad or Failing Barometric Sensor ...

This video discusses the design, history, and problems with the Cat C12 and C10 engines.

The Cat C12 And C10 Engines. Know Your Engine. - YouTube

Code 26 should not cause a misfire at high RPM's. The atmospheric pressure sensor is used to derate the engine by cutting back the fuel when the engine gets at high elevation like out west. At high elevation, the fuel is cut back on all cylinders and the engine would feel like it had low power, and not a miss.

I have a flash code 26 atmospheric pressure sensor fault ...
