"Guides") are used to determine impairment to all injured or diseased body parts, except scheduled members. 85 O.S. §3(19). An examining physician must rely on the edition of the Guides in effect on the date of a claimant's injury.

Using The AMA Guides - Workers' Compensation Law

A. Use of the AMA Guides The AMA Guides are used by evaluating physicians to determine the extent of an individual's impairment. The AMA Guides use different scales to describe impairment for different parts and regions of the body. For example, finger impairment is measured using a finger scale that can range from 0% to 100%.
