But I suggest that sometime through that long dark night, the burning in the bones of the prophet, the word of God, triumphed over the tremblings of his heart. The Word began to prove itself true. Jeremiah discovered what many of us have discovered in the hour of pressure, what the Word of God tells us -- "Greater is he that is in you, than he that is in the world," (1 John 4:4 KJV).

In the Book of Jeremiah, God does not choose Jeremiah because he is qualified--rather, God qualifies Jeremiah because he is chosen! Like Jeremiah, each of God's children have a purpose that He longs for us to understand. We can only discover this purpose once we realize it's not about us--it's about God.

A New York Times Notable Book | Lambda Literary Award Winner | Long-listed for the PEN Open Book Award “Charles Blow is the James Baldwin of our age.” – Washington Blade “[An] exquisite memoir . . . Delicately wrought and arresting.” – New York Times Universally praised on its publication, *Fire Shut Up in My Bones* is a pioneering journalist’s indelible coming-of-age tale. Charles M. Blow’s mother was a fiercely driven woman with five sons, brass knuckles in her glove box, and a job plucking poultry at a factory near their segregated Louisiana town, where slavery’s legacy felt close. When her philandering husband finally pushed her over the edge, she fired a pistol at his fleeing back, missing every shot, thanks to “love that blurred her vision and bent the barrel.” Charles was the baby of the family, fiercely attached to his “do-right” mother. Until one day that divided his life into Before and After—the day an older cousin took advantage of the young boy. The story of how Charles escaped that world to become one of America’s most innovative and respected public figures is a stirring, redemptive journey that works its way into the deepest chambers of the heart. “Stunning . . . Blow’s words grab hold of you . . . [and] lead you to a place of healing.” – *Essence* “The memoir of the year.” – A. V. Club

our understanding not just of gospel but of the nature of religious experience. A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus. To capture this layering, Hinson demonstrates how all the parts of the gospel program work together to shape a single whole, joining speech and song, performer and audience, testimony, prayer, preaching, and singing into a seamless and multifaceted service of worship. Personal stories ground the discussion at every turn, while experiential testimony fuels the unfolding arguments. *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians, but it is also an exploration of African American aesthetics, the study of belief, and the ethnographic enterprise.

Essays discuss racism in America, the Civil Rights movement, and the author's career as an educator and minister

A respected journalist describes the abuse he suffered at the hands of a close family relative, the effect this had on his formative years and how he overcame the anger and self-doubt it left behind. 75,000 first
