This book is James Hillman's main analysis of analysis. He asks the basic question, "What does the soul want?" With insight and humor he answers: "It wants fiction to heal."

In this work, Hillman's main deconstruction of therapy, he asks "What does the soul want?" and answers "Fictions that heal". By examining the three Great Originators of depth psychology--Freud, Jung, and Adler--this book looks again at what is really meant by "case history", "active imagination", and "inferiority feelings".

Her life was spinning out of control. A mix of anger and emptiness defined her. Desperate for true peace, she headed to a place of rest - the healing sands. Ryan Coe feels lost - her marriage is over, her kids are living with their dad, her God-life is silent, and her patience is practically non-existent. To top it off, her once exciting job as a photojournalist has been reduced to taking pictures of enchilada festivals and B-level actors. But when she arrives at the scene of a crime and sees her son's face through her zoom lens, her world crashes. Her

only mission - to find out who really did this and why they framed her. But before she can help anyone. Ryan's got to get her anger in check. She turns to Sullivan Crisp's Healing Choices clinic, but even that doesn't go according to plan. Quirky and unusual don't even begin to describe Sully and she soon realizes that he isn't the quick-fix therapist she was hoping for. Between his unorthodox counseling and a group of women who are the first real friends she's had in a long time, Ryan begins to realize it's not control she's for, but something much more powerful.

Lydia Beaucoup and Acey Allen are two childhood friends who've grown up to become successful mid-career professionals. But, turning forty, their career success far outstrips their romantic and sexual contentment. They hatch a plan to turn the world's oldest profession on its head: why not develop a new business aimed at meeting the needs of women, in an environment that's discreet, safe, and more importantly, completely focused on their pleasure? Thus is born the idea for A Sister's Spa - a full service facility that supplies handsome men willing and able to fulfil their clients' every desire. But launching their enterprise is a struggle: even as their customer base grows, they face attacks from grandstanding church and community leaders, and a hostile media.

impertinence, so when the charming Miss Hyacinth and her sister choose Maud to take home with them, the girl is as baffled as anyone. It seems the sisters need Maud to help stage elaborate séances for bereaved, wealthy patrons. As Maud is drawn deeper into the deception, playing her role as a "secret child," she is torn between her need to please and her growing conscience -- until a shocking betrayal makes clear just how heartless her so-called guardians are. Filled with tantalizing details of turn-of-the-century spiritualism and page-turning suspense, this lively historical novel features a winning heroine whom readers will not soon forget.

"According to common wisdom, we all have a book inside of us. But how do you select and then write your most significant story--the one that helps you to evolve and invites pure creativity into your life, the one that people line up to read? In [this book], creative writing professor, sociologist, and popular fiction author Jessica Lourey guides you through the redemptive process of writing a healing novel that recycles and transforms your most precious resources--your own emotions and experiences"--Amazon.com.

Concerned about his wife's grief over the loss of their daughter and worrying about a mysterious illness that is afflicting his slaves, Master Satterfield purchases a slavewoman known as a healer only to be unsettled by her troubling predictions.

healing in your life? This book supplies Biblical insights about how God included healing for our bodies as a benefit of our redemption and how to freely obtain His healing by faith. Your questions and misbeliefs about healing will be replaced with simple truth and faith to believe and receive God ' s healing for you. Be inspired by the sacrifice of Jesus and how we have been healed by His wounds. Build your faith to receive God ' s healing and live in divine health. Receive God ' s healing in your own life!

The virtual realities that works of literary and visual art provide us are loosely the concern of these essays. Working methods are touched upon in some, as in my interviews with William Anastasi and Robert Kipniss. The intentionality of the artist, however, is never my concern, nor should it be of interest to the reader; the intentions cannot necessarily be derived from the work (as the New Critics reminded us long ago). Rather, to see and feel how the text or work of visual functions is our pleasant task. So we do not ask why, a dead-end question. How is the question that can lead to infinitely more rewarding discoveries.
