The Navistar DT engine family is a line of mid-range inline-6 diesel engines. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications such as school buses, although some versions have been developed for heavy-duty regional-haul and severe-service applications.

Second edition. Fred Crismon's timeless classic. A photographic history of International Trucks from 1902-2002. Approximately 2500 b/w photos. Considered by many to be the most authoritative work ever done on International Trucks.

As today's spark-ignition and diesel engines have to fulfil constantly increasing demands with regard to CO<sub>2</sub> reduction, emissions, weight and lifetime, detailed knowledge of the components of an internal combustion engine is absolutely essential. Automotive engineers can no longer survive without such expertise, regardless of whether they are involved in design, development, testing or maintenance. This text book provides answers to questions relating to the design, production and

non-technical readers understand business-cycle and financial economics, and financial and governmental institutions, practices, and transactions, while maintaining a neutrality impossible for persons professionally committed to one theory or another.

Herodotus wrote the first history book in the world. That is why he is sometimes called the 'Father of History'. He lived 2,500 years ago in the fifth century BC and travelled the Ancient or Classical World. King Leonidas of Sparta and the Battle of Thermopylae, made famous by the blockbuster movie 300, began with Herodotus' historical story.
