areas of personal health. Its two key themes - the six dimensions of health and the five developmental tasks - help students apply the text's content to their own lives, by improving their decision-making skills. The strength of the Focus on Health narrative includes its appeal to both traditional and non-traditional students, particularly the special attention it pays to students over age 25 who have returned to college. In addition, among its many health assessment activities, Focus on Health includes one of the most comprehensive health
