graphic designers, and so their books don't show teachers how to be competent in producing effective visuals. There is a huge gap between what we know about dual coding and the skills needed to practice it effectively in the classroom. Until now. Dual Coding With Teachers is a breakthrough educational book. No other book has been

designers are profiled, each with a double-page spread, highlighting their dual coding practice. The author, Oliver Caviglioli, is uniquely placed to bridge the gap between education and graphic design. A former special school head teacher, Oliver learned design principles from an early age from his architect and typographer father. Four

a core focus area for CPD, which is closely assessed by Ofsted. This book will enable you to assess specific areas where you could improve your own practice and will also enable you to train your colleagues in this essential area too. Sarah Findlater begins with an overview of the main marking and feedback approaches so that you can really
