Elizabeth Gaskell's *The Life of Charlotte Brontë* (1857) is a pioneering biography of one great Victorian woman novelist by another. Gaskell was a friend of Charlotte Brontë, and, having been invited to write the official life, determined both to tell the truth and to honour her friend. She contacted those who had known Charlotte and travelled extensively in England and Belgium to gather material. She wrote from a vivid accumulation of letters, interviews, and observation, establishing the details of Charlotte's life and recreating her background. Through an often difficult and demanding process, Gaskell created a vital sense of a life hidden from the world. This edition is based on the Third Edition of 1857, revised by Gaskell. It has been collated with the manuscript, and the previous two editions, as well as with Charlotte Brontë's letters, and thus offers fuller information about the process of composition than any previous edition.

doctor, the mother of five children, who, after being divorced by her Aryan husband, is arrested on an absurd charge and sent to a corrective labour camp in 1942. Lilli was a prolific letter writer and miraculously almost all her letters to her children and friends, together with a huge number of their letters to her (smuggled out of the camp at Breitenau before she was sent to Auschwitz), survived the Second World War and only came to light on the death of her son in 1998. In the letters and in Martin Doerry's superb commentary, we see the deterioration of a whole country through the eyes of an ordinary family driven asunder by pressure from the Nazi regime. We see Lilli's initial optimism and love of her husband begin to crack. We see her trying to support and run the family home from Breitenau camp, but relying totally on her twelve-year-old daughter, Ilse. And we see the difficulties for the children of living with their father's mistress, now his wife, after a bombing raid destroys the family home. And perhaps most moving of all, we see Ilse's heroic attempts to meet her mother, even though it means going into the labour camp itself, and Lilli's courage in the face of her inevitable end.

It had been almost a year since Todd and I decided to go our separate ways. It was a mutual decision to break up. We had simply grown apart. We still loved each other very much, but we just couldn't seem to get

past the differences that grew between us the last year that we were together. It wasn't an easy decision for either one of us. We did, however, remain friends through the break up. We still talked to each other all the time, and in the first few months after the breakup, I found it hard to talk to him and not ask if he wanted to try and work things out only because I didn't want to be alone. I was learning firsthand what the word lonely really meant. There were a couple of other boyfriends before Todd, but I knew that they weren't going to last. They had simply been someone to hang out with and have fun with, someone to go out to dinner with or a movie. I had no intentions of getting too serious with them, like I had with Todd. I had always thought that Todd was the one for me, my true and everlasting soul mate. He made me feel special, and he didn't obsess over me or what I did. I felt that I could be myself—a free spirit—with him. He was soft and loving toward me; he was protective but not overbearing. He made me feel safe. I knew that I didn't have to worry about anyone hurting me. Todd would stand back and let things happen till he sees that I needed his help. Then he would step in and take over. No one messed with me while I was with Todd.
