A profile of the late Mexican American singer considers the culture that influenced her career, the family that supported her rise and ultimately set the stage for her downfall, and her shocking murder by the head of her fan club

Not her. Not her. And she told me 'Yolanda, I don't want you to kill yourself.' And we were talking about it when I took it out and pointed it to my head. And when I pointed it to my head, she opened the door. I said 'Selena close that door, ' and when I said that the gun went off.
