Essays by fifty successful entrepreneurs share the secrets of their success, including setting goals, problem solving, brand image, going public, and effective management

From Henry Ford and Andrew Carnegie, to Lee Iacocca and David Ogilvy, this dynamic anthology includes 54 essays and speeches on business success, from some of the greatest business leaders of all times. Designed for easy-reference, it features sections on leadership, management, entrepreneurship, and more. Notable quotes are called out in larger type in each article. Finally, two indexes cross-reference authors alphabetically and chronologically.

Becoming a successful entrepreneur takes energy and drive. Less than 20% make it beyond the first three years. Achieving the next level, the status of business titan -- the upper echelon of leadership -- takes an unrelenting commitment to turn an idea into a plan, a plan into a startup venture, and a venture into a successful business. The chances of getting to the top are slim at best, relying on a particular set of skills and attributes. In *The Wisdom of Titans*, William Ferguson shares how 10 famous titans, from Bill Marriott to Julia Stewart, made it to the top, for every entrepreneur to learn from and follow. The book describes the challenges of leading service organizations, in particular, where managing and motivating thousands of people can make or break the business. The book provides advice for those just starting out as well as business leaders looking to take their enterprise to the next level.

In short, swift strokes, readers learn the essence of wisdom--and success--in business. From the foundations of starting a business, to managing finances, staying on track, and enjoying the process, this book has something of benefit for all business people. With an appropriate scripture to accompany each story, this revised edition is packed with 88 principles for business success.

A guide to the wisdom of business and commerce includes tip lists from such business leaders as Charles Schwab on mutual funds, Peter F. Drucker on leadership, and Andrew Carnegie on business success.

How to Become a Great Leader People are yearning to make an impact and create much needed change. Building a business, starting a movement, generating a new initiative in the workplace, creating change within a family, or supporting a non-profit enterprise in the community? People want to be part of the solution. Author Karen McGregor believes the 4000-year-old "Four Pillars of Influence" of the Tao Te Ching may be the key. A unique leadership skills book. The Tao of Influence stands apart as a business book. It speaks ancient wisdom to the modern-day leader, while providing practical and tangible actions that lead to high levels of sustainable influence and positive power. Discover an easy-to-follow roadmap to creating lasting change in your workplace, community, and family, while navigating chaotic and demanding environments. The power of influence to create much needed change. As "old world" manipulation, hidden agendas, control and greed crumble, people are seeking replacements. The Tao of Influence fills the gap between old and new world influence through the teachings and applications of the 4000-year-old wisdom of Chinese philosopher Lao Tzu. Positive vibes and how to influence others. Author Karen McGregor is an international keynote and TEDx speaker, and a guide to thousands of entrepreneurs and professionals seeking to become more influential leaders. In this book each chapter begins with a quote from the Tao Te Ching that connects with that chapter's theme, then concludes with reflections and recommended actions. Learn to: □ Handle challenges and difficult people □ End the dynamic that heightens power struggles and destroys influence □ Create stillness and space to generate authentic power If you have read books such as Weconomy, Leaders Eat Last, or Eckhart Tolle's A New Earth, you will want to read and learn from Karen McGregor's The Tao of Influence.

For the last decade, Lela Barker has been busy building her personal empire. Blessed with an innate business sense but no college degree, she has founded a successful international beauty company, a nonprofit and a small business consulting firm. 155 Words You Need to Know: Practical Wisdom for Creative Entrepreneurs is the culmination of all the times she longed for a mentor to help navigate the dizzying maze of entrepreneurship. It's the wisdom that sprung from the countless times someone asked a question during a meeting using a term she'd never before heard. Furiously scribbled foreign words were scrawled across paper and evenings were spent knee-deep in Google(r) searches to give them context and meaning. This wisdom didn't come from textbooks or sitting through a class; it was hard-won and personally developed through years of trial and error, victories and stumbles, triumphs and tribulations. 155 Words You Need to Know: Practical Wisdom for Creative Entrepreneurs is your personal small business concierge. This beautifully designed guidebook will illuminate the who, what and how of building an empire for creative entrepreneurs of all stripes. Lela brings definition and clarity to challenging business concepts, along with practical advice and actionable wisdom gleaned from her decade in the entrepreneurial trenches. From CPQs (case pack quantities) to DPI (dots per inch), from media kits to brand dilution, and from customs brokers to independent contractors, there's a full decade worth of practical wisdom packed inside these pages. Buy it, read it, then take over the world!
