Our common needs include the need for security, for community, for authority, and for respect, but for you, the leader, the most powerful universal need is our need for clarity. To transform our fear of the unknown into confidence in the future, you must discipline yourself to describe our joint future vividly and precisely.

Drawing on a wide body of research, including extensive in-depth interviews, **THE ONE THING YOU NEED TO KNOW** reveals the central insights that lie at the core of: Great Managing, Great Leadership and Great Careers. Buckingham uses a wealth of relevant examples to reveal that at the heart of each insight lies a controlling insight. Lose sight of this 'one thing' and all of your best efforts at managing, leading, or individual achievement will be diminished. For great managing, the controlling insight has less to do with fairness, or team building, or clear expectations (although all are important). Rather, the one thing great managers know is the need to discover and then capitalize on what is unique about each person. For leadership, the controlling insight is the opposite - discover and capitalize on what is universal to all your people, regardless of differences in personality, race, sex, or age. For sustained individual success, the controlling insight is the need to discover what you don't like doing, and know how and when to stop doing it. In every way a groundbreaking work, **THE ONE THING YOU NEED TO KNOW** offers crucial performance and career lessons for business people at every level.

If your house were on fire, what one thing would you save? Newbery Medalist Linda Sue Park explores different answers to this provocative question in linked poems that capture the diverse voices of a middle school class. Illustrated with black-and-white art. When a teacher asks her class what one thing they would save in an emergency, some students know the answer right away. Others come to their decisions more slowly. And some change their minds when they hear their classmates' responses. A lively dialog ignites as the students discover unexpected facets of one another--and themselves. With her ear for authentic dialog and knowledge of tweens' priorities and emotions, Linda Sue Park brings the varied voices of an inclusive classroom to life through carefully honed, engaging, and instantly accessible verse.

Richard Reed built Innocent Drinks from a smoothie stall on a street corner to one of the biggest brands in Britain. He credits his success to four brilliant pieces of advice, each given to him just when he needed them most. Ever since, it has been Richard's habit, whenever he meets somebody he admires, to ask them for their best piece of advice. If they could tell him just one thing, what would it be? Richard has collected pearls of wisdom from some of the most remarkable, inspiring and game-changing people in the world - in business, tech, philanthropy, politics, sport, art, spirituality, medicine, film, and design. From Hollywood greats like Judi Dench and Richard Curtis, to entrepreneurial legends like Richard Branson and Simon Cowell; from sports stars and TV personalities like Andy Murray and James Cordon to political activists and born survivors like Mandela's Comrades and Katie Piper, Richard has picked some of the world's most interesting brains to give you a lesson in how to live, how to love, how to create and how to succeed.

Maggie Sanders might be blind, but she won't invite anyone to her pity party. Ever since losing her sight six months ago, Maggie's rebellious streak has taken on a life of its own, culminating with an elaborate school prank. Maggie called it genius. The judge called it illegal. Now Maggie has a probation officer. But she isn't interested in rehabilitation, not when she's still mourning the loss of her professional-soccer dreams, and furious at her so-called friends, who lost interest in her as soon as she could no longer lead the team to victory. Then Maggie's whole world is turned upside down. Somehow, incredibly, she can see again. But only one person: Ben, a precocious ten-year-old unlike anyone she's ever met. Ben's life isn't easy, but he doesn't see limits, only possibilities. After awhile, Maggie starts to realize that losing her sight doesn't have to mean losing everything she dreamed of. Even if what she's currently dreaming of is Mason Milton, the magnetic lead singer of Maggie's new favorite band, who just happens to be Ben's brother. But when she learns the real reason she can see Ben, Maggie must find the courage to face a once-unimaginable future...before she loses everything she has grown to love.
