The blessed curse. Let's talk about it on this edition of Key Life. Matthew Porter: God's grace changes everything. How we love, work, live, lead, marry, parent, evangelize, purchase and worship. God's Not Mad at You | Key Life

A book, film and engagement project about why the climate crisis is the best opportunity we've ever had to build a better world.

This relatively brief letter from the Apostle Paul is far more important to Christians than its volume may signify. As the title of this study indicates, the content of Paul's letter to the Galatians "changes everything" in the sense that following Christ is a radical departure from living without Him. However, since human nature seems to insist that one's salvation is brought about by personal deeds that obligate God to save them, the doctrine and theology found in these pages is exceptionally important. Thus, the urgent need for Paul's testimony of justification by faith in Christ to the Galatians.

Elli Lancaster, a Curse Keeper, is the descendent of a man who banished Native American spirits away from the material world, but when she meets another Curse Keeper, Collin Dailey, the spell is broken, and they must fight together to keep the spirits from taking their revenge.

My name is Jaquelle, and I'm a teenager. I like football movies, sushi, and dark chocolate. But the biggest, most crucial, most significant thing about me is that my life's task is to follow Jesus. He is the One who changed my life. That's what this book is about. It's for teenagers eager to reject the status quo and low standards our culture sets for us. It's for those of us who don't want to spend the adolescent years slacking off, but rather standing out and digging deep into what Jesus says about following him. This book will help you see how the truth about God changes everything—our relationships, our time, our sin, our habits, and more—freeing us to live joyful, obedient, and Christ-exalting lives, even while we're young.

Explains why the environmental crisis should lead to an abandonment of "free market" ideologies and current political systems, arguing that a massive reduction of greenhouse emissions may offer a best chance for correcting problems.

In this ambitious successor to The Great Derangement, acclaimed writer Amitav Ghosh finds the origins of our contemporary climate crisis in Western colonialism's violent exploitation of human life and the natural environment. A powerful work of history, essay, testimony, and polemic, Amitav Ghosh's new book traces our contemporary planetary crisis back to the discovery of the New World and the sea route to the Indian Ocean. The Nutmeg's Curse argues that the dynamics of climate change today are rooted in a centuries-old geopolitical order constructed by Western colonialism. At the center of Ghosh's narrative is the now-

ubiquitous spice nutmeg. The history of the nutmeg is one of conquest and exploitation—of both human life and the natural environment. In Ghosh’s hands, the story of the nutmeg becomes a parable for our environmental crisis, revealing the ways human history has always been entangled with earthly materials such as spices, tea, sugarcane, opium, and fossil fuels. Our crisis, he shows, is ultimately the result of a mechanistic view of the earth, where nature exists only as a resource for humans to use for our own ends, rather than a force of its own, full of agency and meaning. Writing against the backdrop of the global pandemic and the Black Lives Matter protests, Ghosh frames these historical stories in a way that connects our shared colonial histories with the deep inequality we see around us today. By interweaving discussions on everything from the global history of the oil trade to the migrant crisis and the animist spirituality of Indigenous communities around the world, *The Nutmeg’s Curse* offers a sharp critique of Western society and speaks to the profoundly remarkable ways in which human history is shaped by non-human forces.

A revived faith starts with a revived prayer life. This book will help you develop the faith and prayer life that God desires for you. What if your communication with God became as vibrant as the interaction between you and your best friend? What if God literally responded to your praise, your worship, and your requests? This is absolutely God’s will for your prayer life! For many, prayer is only a matter of blessing their food, asking for help during a crisis, or whispering a need when they feel they are at the end of their rope. Unfortunately, this barely scratches the surface of the prayer life God wants to share with us. In *Prayer That Changes Everything*, Mary Colbert unpacks five principles to revolutionize readers’ faith and help them experience the full dimension of the relationship they can have with God through prayer. She challenges readers to: Recognize that faith is alive and must be in action Live with a faith that excites God Realize that faith is the substance of all things See the thing they want God to do as done and begin to praise Him for it; and know that love is the fuel Whether a new believer or a longtime Christian, each reader will find accessible, fresh insights into prayer and practical wisdom that will revitalize his or her prayer life and transform his or her relationship with God.

Eighteen-year-old Haven doesn’t remember life before the Surge. Before electricity was zapped to near non-existence. Before families sold their children and big cities became ghost towns. Before she met her best friend Cricket, the 6’10” boy she rescued from a freak show. After spending a year as the McCall circus’s star dancer, Haven is blindsided when her employer sells her to a brothel. Refusing to be sold into prostitution, she hatches an escape plan, but after her final show, she and Cricket are interrupted mid-escape by an intoxicated assassin named Breck. He is everything Haven fears about the outside world - dangerous, cold, and yet incredibly charming. But Breck’s arrival ends with a trail of blood and their faces plastered on WANTED posters. Haven agrees to leave under his protection on one condition - Cricket goes too - and because Breck can't fight his burning infatuation with Haven, he agrees. Hopping trains and hiding out in a misfit circus wasn’t the life she’d envisioned, but as Breck’s hard exterior softens and Cricket’s smile is no longer painted, Haven finally realizes how badly she wants to be free and in control of her own life. With the brothel and McCall’s investors closing in on them, Haven must fight for what she wants - but the price for freedom is greater than she ever imagined.
