From day one in a child's life, music is one of the most important things that can be used to help them grow and learn. Musical stimulation helps lay the foundations for a lifetime of skills, and this straightforward guide gives detailed advice on how to use music to help children from 0-5 years with common developmental challenges such as attachment and bonding, bedtime, tantrums and daily living skills, social skills, motor skills and school readiness. Combining cutting-edge research on brain development with proven strategies, this book helps with both typical and atypical issues in the earliest stages of a child's life. Friedberg lays out the musical parenting approach, where any adult can enhance children's lives through music. No prior music skill is necessary to use the musical parenting approach, making it an ideal resource for all parents, teachers and professionals to raise healthy, well-adjusted children in a creative and interactive manner.

When "The Wheels on the Bus," by Caldecott Medalist Paul O. Zelinsky, broke onto the scene back in 1990, it created a sensation with its clever characters, sly subplots, luscious colors, and the incomparable flair of its moving parts. Almost a million young readers have enjoyed the wheels that go round, doors that open and shut, and people who go bumpety-bump. Today it remains as fresh and engaging as when it was first published.

Presents lyrics to the well-known song, interspersed with additional verses about babies.
