Chapter 3: The Truth about Ability and Accomplishment. In this chapter, the focus is on how the two mindsets actually impact modes of thinking that lead to success or failure. The main theme here is how these mindsets becomes traps that can set the stage for future success or failure.

Mindset: The New Psychology of Success Summary | GradeSaver

1. Gladwell opens the chapter with a seemingly innocuous description of a Canadian hockey player's rise to the top of the sport in Canada. A young boy has talent as a child, is found by a talent scout, and works hard to rise to the top of the Canadian hockey meritocracy. His individual merit is the reason for his success.

The success or failure of a company like Amazon is decided by the effective function of its supply chain. The flow of products from publishers to distributors to customers must be rapid and reliable in order to satisfy customers.

Chapter 1

Each chapter is designed in a similar fashion and flows in a logical progression from section to section/topic to topic. I found organizing the format most effective in the following manner: 1) begin with Chapter Objectives and a "warm-up" quiz, 2) assign the reading of content, and 3) concluding with Chapter Takeaways and Exercises.

Dweck opens Chapter 1 with a brief discussion of her career-long interest in understanding how people cope with failure. During one study of elementary school children, she was surprised by how many relished a challenge and didn't mind failing. Even at a young age, they knew "human qualities, such as intellectual skills, could be cultivated."
