From Dictatorship To Democracy: A Conceptual Framework for Liberation by Gene Sharp is a fascinating working document on methods of non-violent disruption of dictatorial regimes. I read this in one day, and thoroughly enjoyed it. Sharp first analyzes some of the fallacies of both violent confrontation of a regime, and of negotiating with it.

The Democracy-Dictatorship index has the main regime types of "democracy" and "dictatorship" and three sub-types for each as well. Democracies can be either parliamentary, semi-presidential, or presidential and dictatorships can be civilian, military, or royal. Many countries which are seen as otherwise democratic are dictatorships because there has yet to be an alternation in power since their incumbent government has never lost an election.

From Dictatorship to Democracy Free Summary by Gene Sharp

A more common way that a democracy becomes a dictatorship happens when a large portion of the population becomes overly religious. As religion's power and focus grows in a country, people may begin applying pressure to give religious heads a seat in government. While this route, there's no guarantee that a dictatorship will form.
