Therefore, if you know a book that's not listed you can simply add the information on the site.

Horses

Horses exhibit a diverse array of coat colors and distinctive markings, described by a specialized vocabulary.Often, a horse is classified first by its coat color, before breed or sex. Horses of the same color may be distinguished from one another by white markings, which, along with various spotting patterns, are inherited separately from coat color.

Horse - Wikipedia

Horse, (Equus caballus), a hoofed herbivorous mammal of the family Equidae. It comprises a single species, Equus caballus, whose numerous varieties are called breeds. Before the advent of mechanized vehicles, the horse was widely used as a draft animal, and riding on horseback was one of the chief means of transportation.
