Macroeconomics 2nd Edition By Krugman

That ability to communicate economic concepts clearly and engagingly is at the heart of Macroeconomics, coauthored by Krugman and Robin Wells. The new Second Edition of this bestselling introductory level text (available January 2009) offers more of Krugman's signature voice, more coverage of policy, and an extraordinary amount of new examples and explanations, as well as a number of content and organizational changes that are meeting the approval of instructors nationwide.

Macroeconomics, 2nd Edition: 9780716771616: Economics ...

I have read portions of several economics textbooks and I have to say that Economics, Second Edition (2009) appears to be one of the best. Despite Paul Krugman's reputation as a "leftist" the introductory pages of this text present economics in the favorable light of the classical "invisible hand" market model of economics which Krugman praises enthusiastically in his opening volley .
