### [EPUB] Anne Anastasi Psychological Testing

Anastasi and Urbina's Psychological Testing is arguably the worst-written book I have ever had the displeasure of reading. The book is rife with arcane jargon that the authors never bother to define. This is a textbook, and, by definition, textbooks are supposed to explain their subject matter, not treat the reader as if he or she already knows it.

The 1990's have witnessed a continuation and expansion of the upsurge of interest in psychological testing that was evident in the 1980's. This growth is indicated by the development of new tests some representing novel approaches as well as by the revisions of earlier tests and continued research on existing tests.
