Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-

## **The Challenge: Total Madness - Wikipedia**

The challenge itself is unimportant. The important elements are Justo's pride and honor in the face of that challenge. The theme of violence is important as the young men fight for little or no reason, and the mechanics of the challenge are understood as well as the code of the actual event proceedings.
