many others continue to worsen. Sustainable business is reaching the limits of what it can accomplish in its present form. It is slowing the velocity at which we are approaching a crisis, but we are not changing course.

The Next Phase of Business Sustainability

Read Book Sustainability Essentials For Business World

Sustainability in business generally addresses two main categories: The effect business has on the environment
The effect business has on society
The goal of a sustainable business strategy is to make a positive impact on either one of those areas.
