## **Mexico Economy: Facts, Opportunities, Challenges**

After the Mexican Revolution Mexico began an agrarian reform, based on the 27th article of the Mexican Constitution that included transfer of land and/or free land distribution to peasants and small farmers under the concept of the ejido.

## **Economy of Mexico - Wikipedia**

The Mexican economy will likely end the year in stagnation, mainly due to the decline in industrial activity. A smaller carry-over effect and the contraction of public expenditure, along with a partial recovery of investment, will weigh on Mexico's growth in 2020. One of the key campaign tenets of Mexican president Andrés Manuel López Obrador (AMLO) was to reduce unnecessary expenditure and expand social programs without compromising the fiscal position of the country.

## **Mexico - The Mexican Revolution and its aftermath, 1910-40 ...**

After Mexico entered a prolonged series of economic crises in the 1980s—here labelled as “meltdown”—the discussion must change, because many hold that the key to relative political stability and the failure of open unemployment to rise sharply can be explained by falling real wages.

## **The Economic History of Mexico - EH.net**

The short-term economic impact of this fiscal divergence was reflected in the data. While Brazil's economy shrank by a record 9.7% in the second quarter, Mexico's plunged by a staggering 17.1%.

## **Brazil economy outshines Mexico after surprise role reversal**

Mexico's economy in the colonial period was based on resource extraction (mainly silver), on agriculture and ranching, and on trade, with manufacturing playing a minor role. In the immediate post-conquest period (1521-40), the dense indigenous and hierarchically organized central Mexican peoples were a potential ready labor supply and producers of tribute goods.
